PROFILE INFO

Hi! I'm Mahmodul Hasan. I'm a Front-End Developer & also Software Engineer. As a Front-End Developer, I created a lot of different websites using Html, CSS, jQuery, Bootstrap, and JavaScript. I am really ambitious and a person who loves to be successful and wants to improve myself. Also, he likes to work in teamwork and has good communication skills. He doesn't hesitate to take responsibility. If something is essential, he can learn very quickly. He is one who likes to dream and tries to make these dreams come true.
